ART & CRAFT SS/26

WHO SAYS TALKING ABOUT CRAFTSMANSHIP HAS TO BE ORDINARY?

That's how Andia Fora's SS26 Collection speaks for itself. It's meant to be lived. Felt. Made your own. A meeting point between design and comfort-transformed into a personal, artistic experience.

A collection that doesn't follow form, it rewrites it. And that's the true essence of Italian craftsmanship.

CHI DICE CHE PARLARE DI ARTIGIANATO DEBBA ESSERE PER FORZA ORDINARIO?

È così che la collezione SS26 di Andia Fora parla da sola. È pensata per essere vissuta. Sentita. Fatta propria. Un punto d'incontro tra design e comfort, trasformato in un'esperienza personale e artistica.

Una collezione che non segue la forma, la riscrive. Ed è questa la vera essenza dell'artigianato italiano.

KICK WDG

Calcetto retrò, comfort contemporaneo.

Ispirata al mondo del calcetto anni '80, la zeppa interna imbottita slancia la figura e moltiplica il comfort. La sua tomaia in pelle o suede traforato è accoppiata a una mousse interna rivestita in cotone, rendendola leggera e perfetta anche nelle giornate più calde. Personalizzabile in ogni dettaglio: materiali, colori, combinazioni. Stile tecnico e qualità artigianale dall'attitude vintage.

Retro soccer, contemporary comfort.

A sneaker inspired by 1980s indoor soccer, reimagined with a hidden padded wedge that enhances the silhouette and multiplies comfort. The upper in perforated leather or suede is paired with a cotton-lined foam interior: breathable, lightweight, and perfect even on the hottest days. Fully customizable in every detail: materials, colors, combinations. A technical style with vintage attitude and artisanal quality.

The next step in urban femininity. Asymmetrical, slightly barefoot-inspired running style for those who love to move with lightness and flair. The two-tone outsole wraps around the toe and heel in a game of bold volumes, stitched directly onto the upper. Technical, curvy, and unexpectedly feminine.

Il passo avanti della femminilità urbana. Running asimmetrica, leggermente barefoot, pensata per chi ama muoversi con leggerezza e stile. Il battistrada abbraccia punta e tallone in un gioco di volumi, cucito direttamente sulla tomaia. Bicolore, tecnica, sorprendentemente femminile.

LIBI e ELEN GIGLIO

The perfect mix of heritage and modern minimalism. Libi and Elen draw inspiration from traditional Tuscan craftsmanship: laser-cut gigliuccio- style textures, total deconstruction, and breathable uppers. Perfect barefoot or with contrasting socks—for a personal and ironic twist.

Il mix ideale tra heritage e minimalismo contemporaneo. Libi e Elen si ispirano alle lavorazioni artigianali toscane: laseratura effetto intreccio gigliuccio, decostruzione totale, tomaia traspirante. Perfette a piede nudo o con calzino a contrasto, per un tocco ironico e personale.
